

OHIO STATE SOCIETY OF MEDICAL ASSISTANTS
PRESIDENT
SUMMER BOARD MEETING, July 27, 2019

Since our post-conference OSSMA BOT meeting, I have not received any requests from the OSSMA officers or BOT members with regard to the duties of the Presidency.

As discussed at the post-conference BOT meeting, the Toledo-Lucas County Chapter of Medical Assistants requested a name change and the AAMA was notified of this request. The new name for this chapter is the Northwest Ohio Chapter of Medical Assistants.

Correspondence received since the post-conference BOT meeting includes several emails and 2 thank you cards. Immediate Past President received an email from Eva Bakalekos from PCI publishing who works with the State Medical Board of Ohio. She wanted to announce a new quarterly publication *Health News Ohio* and offered to let the OSSMA purchase paid space in this quarterly publication. We can discuss at the summer BOT meeting.

Sue Hawes from the AAMA emailed an agenda for the June AAMA BOT meeting and included a link on behalf of VP Houston to the Volunteer Leadership form on the AAMA website. The deadline for submitting this form is August 1, 2019. This email also contained a form for Educational Support to the AAMA 63rd Annual Conference Sept. 13-16, 2019. The deadline was June 30 however contributions made after that date (but before the conference) will be acknowledged in the on-site conference newsletter and recognized in an issue of *CMA Today*.

Nick Mickowski from the AAMA sent an email regarding the Dues Verification Form. No changes were made for the upcoming 2020 year and will remain unchanged.

Two thank-you cards were received after the post-conference BOT meeting. The first was from Debbi Hoagland, one of the students who received the OSSMA Student Excel Award. The second was from Monica Case, our AAMA representative.

Thank you again for the opportunity to serve this organization as your President.

Respectfully submitted,

Judy Kronenberger, CMA(AAMA)

It has been requested that I contact members of the Firelands Chapter to discuss further plans for their chapter or possible dismissal of the chapter. I have contacted Athena Shaffer through Facebook messenger. Athena has stated that she has tried several times to connect with other members of the Firelands Chapter without any return contact. She has also stated that she has not had any luck with trying to keep the chapter together, it seems that no one is wanting to take the responsibility or is unable to take the responsibility, but she will help in any way that she possibly can.

My next step will be to send a letter and/or email to each member of the Firelands Chapter. I am hoping to get a response back and be able to help with reorganizing the chapter. If I do not get any response than I will advise the board for possible removal of the chapter.

OHIO STATE SOCIETY OF MEDICAL ASSISTANTS
PUBLIC RELATIONS COMMITTEE
SUMMER BOARD REPORT
JULY 27, 2019

This committee’s primary focus for this upcoming year is the planning of the “Super Regional Meeting” to be held in Cincinnati in August of 2021. This includes location, meeting agenda and CEU administrative and leadership topics and presenters. Other projects as defined in our strategic plan is to provide some chapter toolkits for promoting the profession and membership. Currently the AAMA Marketing team in connection with the MARCOM department has created these type of documents and toolkits available on the AAMA website in Topic bundles identified as:

Employers and Hiring Decision-Makers

Educate employers and hiring decision-makers on why medical assistants—especially CMAs (AAMA)—are an integral part of the health care team with these resources. Also, show employers that AAMA membership is a worthy investment for their employees!

Nonmembers and Non-renewing Members

By recruiting and retaining members, you help build a stronger association. Here are tools to help you succeed!

Students

Whether you’re a medical assisting educator or practicing medical assistant, your marketing efforts to students can help them kick start a lifelong and rewarding career in medical assisting.

CMAs (AAMA)

Some CMAs (AAMA) need reminders about the importance of keeping their credential current. Refresh their knowledge about recertification—why it’s necessary and how to do it—and impress upon them that AAMA membership matters.

These bundles are available under the Marketer’s Center or you can use the following link:

<https://www.aama-ntl.org/volunteers/marketers>

Also on the AAMA website is a lot of information on how to celebrate and promote “Medical Assistants Week”. There are press releases’, as well as suggested activities and marketing suggestions for MAR Week. This can be found through the following link:

33 <https://www.aama-ntl.org/news/marweek>

34 The final initiative under the strategic plan for the Public Relations committee is to work with chapters
35 to promote the profession through career days at local schools. Currently the AAMA Marketing Strategy
36 Team is working on the creation of a Video that could be used for this type of purpose. In the meantime
37 there is many flyers and handouts in the Marketers Center that can be used for this initiative. The goal is
38 for every chapter to hold at least one event or session per year to promote this career opportunity
39 information to middle or high school level students. Any chapter needing further guidance can contact
40 the Public Relations Chair or any members on the committee.

41

42 Currently we are still accepting volunteers to serve on this committee to help with the planning of the
43 Super Regional for 2021.

The Leadership Committee has been developed as a committee of Past Presidents to provide leadership training and guidance to those members volunteering to hold an office or committee chair at the OSSMA state or local level. This committee will also serve to be a path of mentoring for those holding office, as well as future potential officers.

The committee meet several times via phone conference and also corresponded via email to plan for the leadership training. The registration for the event was included in the last edition of the Helping Hands and also emailed to all members and the BOT. The leadership training will provide one CEU from “The importance of Bylaws” which will be presented by Don Balsa, CEO and legal counsel of the AAMA.

The committee will also be reviewing the Ohio Policy Handbook for suggested additions and further clarifications.

SUNSHINE COMMITTEE REPORT
Summer Board Meeting
Gahanna, Ohio 07/27/2019

I actively let the Helping Hands know to run an ad for the sunshine committee each quarter, This committee will send out greetings in the event of illness, marriage, birth of a child, death of a loved one, whatever the occasion I am here for all chapters and members. This is to let members know that we are thinking about you.

The mission of the Sunshine Committee is to motivate, support, and build caring relationships with the members of our organization when we are celebrating a happy occasion or facing a challenging time. A little spark of kindness can put a colossal burst of Sunshine into someone’s day.”

I have sent out numerous cards in the past few months.

Respectfully Submitted,

Natasha Geno, ATS, CMA (AAMA)
Immediate Past President
Chair of the Sunshine Committee
