The CMA exam candidacy limits requirements have changed!

Regardless of when they graduated, candidates for initial CMA (AAMA) certification are no longer restricted to a 60-month time limit in which to use their three opportunities to take and pass the CMA (AAMA) Certification Examination. However, candidates are encouraged to take the exam within 30 days before or after completing their program—or as soon as possible thereafter—in order to be able to apply the knowledge gained from their program attendance.

The 2017 AAMA National Conference will be held in Cincinnati, Ohio at the Hilton Netherlands Hotel!

We will provide the dates as soon as we have them. This is awesome news as it will give more OSSMA members the opportunity to attend a National Conference that otherwise they may have never had.
Senate Bill 110 passed by the House!

Senate Bill 110 was passed by the House on June 25, 2015 and will now go to the Governor (within the next 10 days) to be signed. This will become effective 90 days after signature, so in early October.

This gives NP’s ability to delegate medication administration to non-licensed healthcare workers. It also changes PA’s to a license and gives them the ability to delegate when the physician is not in the office.
